PLATA

DISTILLED FRESHNESS

Tequila Don Armando Plata is the pure and fresh essence of agave, captured at its peak. This tequila is expertly distilled to preserve the intensity and freshness of silver tequila. With a crisp and vibrant flavor, it's ideal for those seeking to experience the authenticity of tequila in its rawest form.

REPOSADO

A REST IN ELEGANCE

Tequila Don Armando Reposado is the result of meticulous aging in oak barrels, which impart a unique complexity to the drink. With woody notes and a smooth finish, this tequila highlights the craftsmanship of our distillery. Each bottle tells the story of its aging process, culminating in an exceptional balance between tradition and innovation.

CRISTALINO

ELEVATED PURITY

Tequila Don Armando Cristalino is the jewel of our collection. This tequila stands out for its crystalline purity, achieved through a special filtration process that removes impurities without compromising its robust character. Each sip is a smooth and refined experience, where the essence of agave shines brightly.
